**2011 Household Hazardous Waste
Clean Sweep Program
April 29, 9-11 AM, Clayton
April 29, 3-6 PM, Appleton
April 30, 9 AM-Noon, Menasha**

**FOR RESIDENTS OF THE:
CITIES OF APPLETON AND NEENAH
CITY AND TOWN OF MENASHA
TOWNS OF CLAYTON, HARRISON & BUCHANAN**

Which items are considered hazardous?

Just a small sampling of hazardous household items.

Any product that is out of date or otherwise not in use has the potential to be labeled "hazardous."

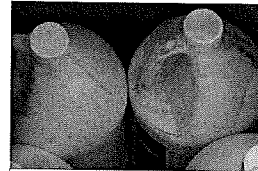

These items are typically found in your basement, garage, under the kitchen sink, craft area, workshop,

etc. Look for words on the label such as:

**CAUTION ● WARNING ● DANGER ●
POISON ● FLAMMABLE ●
COMBUSTIBLE ● CORROSIVE**

How can I properly dispose of these items?

Residents of the Cities of Appleton and Neenah, the City and Town of Menasha, and the Towns of Clayton, Harrison and Buchanan are able to

Hazardous items disposed of properly during a Clean Sweep.

dispose of these items for

free during the special Household Hazardous

Waste Clean Sweep. These programs will be held

- **April 29, 9-11 AM** at the Town of Clayton Public Works Department, 8348 County Road T, Larsen
- **April 29, 3-6 PM** at the City of Appleton Municipal Service Building, 2625 E. Glendale Ave., Appleton
- **April 30, 9 AM-Noon** at the Town of Menasha Fire Department, 1000 Valley Road (HWY P), Menasha.

Make an appointment by calling 920-832-5277, ext. 3. It's free, easy and convenient! If you are unable to attend this event, contact your respective county to get information on other options available for the proper disposal of your household hazardous waste.

Acceptable Materials

See the front of this brochure for a listing of the types of household hazardous waste that can be disposed of at a Clean Sweep, provided they are in containers 5 gallons in size or less.

If the items you wish to dispose are not listed on the front of this brochure or if you are unsure if the items are hazardous or dangerous, please call your county office listed on the back of this brochure.

Unacceptable Materials

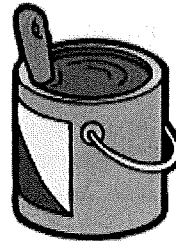

The following items require special handling and **WILL NOT** be accepted at a Clean Sweep. For proper disposal of these items, please contact your county office.

- **Explosives**
- **Radioactive Material** (such as smoke detectors)
- **Compressed Gas Tanks and Propane Cylinders**
- **Ammunition**

What about latex paint?

NO! Latex paint **WILL NOT** be accepted!! It is not a hazardous waste, so disposal of leftover latex paint through a household

hazardous waste program is an unnecessary expense that diverts disposal funds away from materials that really ARE hazardous. For information on how to properly dispose of latex paint, go to http://datcp.wi.gov/uploads/environment/pdf/arm_pub_150.pdf

How can I dispose of my electronics & fluorescent/CFL bulbs?

Computer components, monitors, televisions, fluorescent bulbs, and CFL bulbs **will no longer be accepted at the Clean Sweep program**. Numerous facilities exist in the service area to safely recycle these materials for little or no cost. For a list of recycling locations, please inquire with your county office listed on the back panel of this brochure.

Program Participation Guidelines

This program is available to households in the Cities of Appleton and Neenah, the City and Town of Menasha, and the Towns of Clayton, Harrison and Buchanan.

- Participants are asked to keep individual materials in their separate containers. Above all, **DO NOT MIX!**
- Containers must be **5 gallons** in size or less.
- When transporting to the collection site, place materials in a cardboard box. **Materials must be brought in containers that can be left at the site.**
- Because of the ratio of participants to volunteers, participants in this program must **schedule an appointment by calling 920-832-5277 and selecting option #3.**

Clean Sweep for Businesses

Qualifying businesses may be eligible to participate in the Clean Sweep program. Please inquire with your county office listed on the back of this brochure.
